

# 50 Cars Shot for 100-Lap Feature at Orange Show

A field of more than 50 cars and drivers, headed by night's 100 laps of super-modified and Stock Car racing at the National Orange Show Stadium in San Bernardino, are set for a pair of 25-lap

main events, one for each division. Racing will be sanctioned by the fastest growing racing association in the West, the Western States Racing Club. Other action includes two trophy dashes, five heat races, and a special race for women drivers only. More than 100 laps of racing in all.

Engelhart will be after his second straight main event win of the year in the night's super-modified feature. He will pilot a Corvette powered "flying wing" in which he swept the program last Saturday night, winning the trophy dash, fast heat, and main event.
